Dominion System Flips Georgia Trump Votes to Biden  
State Orders Counties to Certify Dominion Results Anyway  

ATLANTA GA – VoterGA announced today it has confirmed the Dominion Democracy Suite 5.5 system used throughout Georgia flipped dozens of votes cast in at least one county for President Donald Trump to former Vice President Joe Biden during the November 3rd 2020 election. Dominion vote flipping from Trump to Biden was previously believed to have occurred only in Antrim County, Michigan where the system swapped 6,000 votes from Trump to Biden. 

In Georgia, Ware County Elections Director confirmed that the recently completed hand count audit totals showed the total electronic vote count shorted Donald Trump 37 votes and added those 37 votes to totals for Joe Biden. The 74 affected votes represents .52% of the 14,192 county votes cast, exactly double Biden’s total statewide margin of .26%. 

State Election Director Chris Harvey’s November 16th memo instructed counties to certify all Dominion results if they included all ballots cast. After Harvey pressed counties to disregard any potential Dominion counting inaccuracies, Secretary of State (SOS) Brad Raffensperger ordered counties to reset their machines for the U.S. Senate race, which would destroy potential evidence of tabulation malware. 

Secretary Raffensperger forced Georgia counties to enter their audit results into a centralized ARLO system rather than their own data sources. That broke the audit reporting chain and allowed the SOS office to tell counties what their results are rather than counties reporting their results to the state using generally accepted American election reporting principles. VoterGA polled all 159 counties and found roughly 150 of them had no electronic totals for their own hand count audit. 

ARLO was created by VotingWorks, whose founder Ben Adida posted anti- Trump profanity on social media. The same is true for Dominion’s Eric Coomer, the V.P of Systems Strategy and Security, a software patent holder and expert state defense witness in the Curling V. Raffensperger case against Georgia’s Dominion voting system. Coomer, whose many historical posts on Social media prove he is an ultimate Trump hater, was also recorded on an Antifa conference call telling members that: “Trump won’t win. I made f***ing sure of it”.
